

UNLOCK THE FULL EDRM LIFECYCLE WITH NUIX

Nuix's integrated solution now seamlessly covers the entire EDRM lifecycle offering an integrated end-to-end eDiscovery solution from one trusted vendor. An unrivaled eDiscovery experience that is easier, faster, and smarter with Nuix.

In the rapidly evolving legal landscape, organizations, legal departments and their counsel face three significant challenges when it comes to executing their eDiscovery workflows at scale within their current ecosystem. These challenges include the data challenge, the resource challenge, and the reporting challenge.

Nuix can help legal teams overcome these three challenges offering an unrivalled end-to-end solution that streamlines workflows; revolutionizing the full Electronic Discovery Reference Model (EDRM) value chain. From legal hold, to collections, processing, review and production, Nuix's AI-powered, fully integrated platform provides world class end-to-end customer experience and value.

TRAVERSE THE FULL EDRM LIFECYCLE WITH ONE INTERFACE

Nuix's comprehensive eDiscovery solution offers the convenience of managing the entire EDRM lifecycle with a single platform. Harnessing the swift processing, automation, and flexibility of Nuix's integrated solution, legal departments can overcome the three challenges of eDiscovery; data, resources and reporting with:

- > **Faster processing** – Our powerful processing engine that finds the truth in data faster. Nuix workflows are scalable, flexible and automated; supporting faster reviews, reduced resource demand and rapid reporting.
- > **Over 1,000 file types supported** – giving users unparalleled versatility and efficiency in uncovering critical insights and analyzing vast volumes of information.
- > **Powerful AI** – that is transparent, specific and explainable. With advanced analytics and visualization features, you can gain valuable insights from case data and make informed decisions fast.
- > **Secure** – Our end-to-end solution enables oversight of the full EDRM process, ensuring compliance with legal and regulatory requirements. All data is handled consistently for chain of custody and minimizes the risk for data loss.
- > **Defensible** – in court. Seamlessly track and secure evidence, guaranteeing its integrity from collection to courtroom.

WHO WOULD BENEFIT FROM THE NUIX NEO PLATFORM?

For years, Nuix has been the go-to solution for legal teams tackling complex eDiscovery, particularly through our Nuix Discover platform. With core capability of Nuix-Rampiva, and with the introduction of Nuix Neo™, Nuix offers a comprehensive, trusted solution for legal professionals across the entire EDRM lifecycle.

- > **End-to-End efficiency** – Seamlessly manage legal holds, collections, processing, and early case assessment within a single, integrated platform, reducing manual effort and providing dramatic increases in efficiency through streamlined workflows.
- > **Scale** – Overcome the human resource challenge with a scalable, transparent and defensible end-to-end solution. Our explainable and defensible AI, pre-trained with hundreds of specific models, can help you can find what you need in case data, faster and smarter.
- > **Enhanced collaboration** – enables seamless collaboration among legal teams, allowing multiple users to work on documents simultaneously, improving workflow efficiency.
- > **Insightful decision-making** – provides powerful analytics for gaining insights from complex data sets, aiding informed decision-making during legal proceedings.
- > **See value sooner** – Implemented quickly, seamlessly, and with minimal configuration so you realize value sooner.
- > **Multi-platform compatibility** – Move results effortlessly between review platforms to ensure compatibility and flexibility.
- > **Deploy it your way** – Depending on your requirements, Nuix offers flexibility in deployment with on-premise or secure cloud and SaaS options.

WHO WOULD BENEFIT?

Designed specifically for legal professionals, Nuix's integrated solution spans the entire EDRM lifecycle; end-to-end. With advanced analytics and visualization features, Nuix empowers legal teams to gain valuable insights from their data and make informed decisions faster than ever before.

SEEKING COMPREHENSIVE E-DISCOVERY?

If you meet any of the criteria below, you need a solution that can support the full EDRM lifecycle from one trusted provider.

- > Do you manage case data across multiple systems or interfaces?
- > Do you currently suffer from a fragmented workflow, jumping from disparate tools and platforms just to navigate the EDRM lifecycle?
- > Can you generate comprehensive and defensible reports across the entire data lifecycle?
- > Are you struggling with integration issues, relying on multiple APIs and workflows?
- > Can your existing technologies (and teams) collaborate during eDiscovery?
- > Do you suffer from document overload? Managing and analyzing vast volumes of legal documents and case data?
- > Do you struggle to scale eDiscovery, due to the sheer increase of case data?

Nuix can revolutionize your eDiscovery process with an all-in-one platform. From legal hold to review and production, our solution streamlines workflows, leverages cutting-edge AI and seamlessly integrates with review systems, ensuring efficiency and compatibility at every stage.

Contact us today to speak with a Nuix specialist to help understand how you can overcome the three core challenges of data, resource and reporting. Book a demonstration to experience a streamlined workflow across the full EDRM lifecycle, that is scalable, transparent and defensible, all from a single interface with Nuix.
