

NUIX DISCOVER

Nuix Discover gives you the processing, analytics, review, and automation power you need to master the details of any legal matter, no matter how large, challenging, or complex.

Nuix Discover is powerful eDiscovery review platform combining the world's leading eDiscovery processing, early case assessment (ECA), review and production in one software solution. Nuix Discover accelerates your ability to uncover critical details. Gain a strategic edge in your litigation and regulatory cases with swift, precise insights—putting you steps ahead in your legal proceedings.

THE NUIX EDGE

- > **Amazingly fast review:** Nuix Discover's intuitive user interface and intelligent automation capabilities allow legal teams to dramatically improve the speed and quality of document review while delivering profound time and cost savings.
- > **Analytics Included:** Nuix Discover has a fully integrated analytics suite included in the base license, so all members of your legal team can use advanced data visualizations and every day analytics powered by Nuix's Cognitive AI to find key facts and patterns faster.
- > **Built for your business:** Nuix Discover helps you manage all your litigation projects using multi-tenancy reporting and tracking; rapid start-up, training, and support; and cross-functional eDiscovery workflows that make you more efficient and productive.

GET STARTED SOONER

With processing, analysis, review, and production fully integrated into Nuix Discover, you can quickly ingest data and start reviewing in minutes—no load files, no exports, and a full portfolio of analytics and visualizations.

FIND THE FACTS FASTER

Incorporate analytics into your everyday initial and linear review workflows to figure out what's going on and define your case strategy. Industry-best models for clustering, mapping, and graphing distill the whole case into easily understood 'a-ha' moments. Nuix Discover's machine learning capabilities mean every time you make a coding decision, your next review assignment is more relevant.

BREEZE THROUGH REVIEW

Escape the repetitive grind of linear review and make faster decisions in a single view. Nuix Discover's patented user interface uses visual cues and continuous active learning to ensure reviewers can quickly identify relevance and privilege without needing to search for information from hidden windows, tabs, or other inefficient UI mechanics.

CALL THE SHOTS

Manage the eDiscovery process seamlessly, with full control over your data and workflow, including self-service case set-up and administration. Even for the smallest matters, you get all the analytics, review efficiencies, and production capabilities at your fingertips.

SCALE SEAMLESSLY FROM A SINGLE PST TO 100 MILLION DOCUMENTS

Nuix Discover is designed for scalability in data volumes and number of users. No matter how big or small the case, you can automate the way information is processed, organized, and presented to reduce operational costs and simplify hand-offs.

BETTER PROCESSING = BETTER REVIEW

With Nuix Discover, you don't have to worry about the other side having better data or surprising you with evidence you've never seen. You'll never miss a shred of evidence using our industry-leading processing, analysis, review, and production capabilities.

FLEXIBLE DEPLOYMENT OPTIONS

Run Nuix Discover where and how you want, in your data center or the cloud, using on-premise or hosted options, including Nuix managed Discover SaaS access. Whichever option you choose, you'll always get access to the latest features, innovations, and operational efficiencies.
