

ADMINISTRATOR: Managing Users, Settings, and Cases

The one-day Administrator: Managing Users, Settings, and Cases training course is designed to introduce students to improved management tasks, such as:

- Providing reliable access to collected data to make informed decisions.
- Automating processes, including custom workflows, to ensure consistent and repeatable results.
- Developing and refining procedures to handle and understand increased data volumes and workloads.

Students will be enrolled in the Administrator: Managing Users, Settings, and Cases exam. Passing of that exam is a requisite for Nuix Neo Master certification.
