¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

5. BOARD SUCCESSION PLANNING

5.1 Appointment and Election of new Directors

The ultimate responsibility for Board composition and succession issues rests with the directors, assisted by the Remuneration and Nomination Committee.

In appointing non-executive directors, the Board seeks to ensure that candidates have the appropriate skills, expertise and experience to complement the existing members of the Board. The Remuneration and Nomination Committee assists the Board in identifying candidates for appointment as directors and makes recommendations about Board size and composition.

Detailed background information about a potential candidate is provided to all directors. External search organisations may be engaged (as appropriate) to assist the Board in identifying potential director candidates.

Appropriate checks are undertaken before appointing a person, or putting forward to shareholders a candidate for election, as a director. An offer of a Board appointment must be made by the Chair, only after having consulted all directors, with any recommendations from the Remuneration and Nomination Committee having been circulated to all directors.

All new Board appointments are confirmed by a letter of appointment in the standard format approved by the Board or the Remuneration and Nomination Committee from time to time. When a candidate is put before shareholders at a general meeting for appointment or election, or an incumbent director stands for re-election, all material information in the Company's possession that is relevant to the shareholders' decision will be provided.

In respect of the current directors, no material adverse information was revealed by checks performed in respect of each director, nor was any matter identified that might influence a director's ability to act in the best interests of the Company and its shareholders. In accordance with the Company's Constitution, no director, except the CEO, shall hold office without re-election beyond the third annual general meeting at which the director was last elected or re-elected.

5.2 Agreements with Directors and Senior Executives

Non-executive directors are engaged through a letter of appointment, which sets out the director's roles and responsibilities and the Company's expectations, including the requirement to comply with Company policies and the Company's Code of Conduct. 5.3 Induction and Professional Development of Directors

The Company has a program for induction of new directors and continues to enhance its continuous development program for directors to ensure directors are equipped with opportunities to develop and maintain the skills and knowledge necessary to perform their role effectively.

Directors are expected to participate in all induction and orientation programs and any continuing education or training arranged for them.

5.4 Board Skills Matrix

It has been determined through a process of review that the directors possess an appropriate mix of skills, experience and expertise to enable the Board to discharge its responsibilities.

The Board skills matrix set out below identifies the combined skills, expertise and experience currently represented on the Board. To the extent they are not represented on the Board, they are augmented through management and external advisors. For example, whilst the Board has a good understanding of the laws applicable to the operations of the business, given the technicalities and interpretations of the laws, the Board defers to its external legal advisors as and when required.
