

HALF-DAY HANDS-ON LABS

Nuix Neo Discover: What's New in AI — Hands-On Labs

Already experienced with Nuix Discover? This focused half-day hands-on lab is designed exclusively for current users who want to get up to speed on the latest AI capabilities and platform updates — without revisiting the fundamentals.

- Navigate and configure the updated Discover workspace including the Case Overview Dashboard, Notifications, and Saved Search Folders
- Understand and interact with AI Enrichment outputs including entity detection and automated PII/PHI flagging
- Validate AI Review first-pass determinations for relevance, confidentiality, and privilege
- Apply quality control workflows to accept, override, or escalate AI-generated coding decisions
- Configure Base Document ID numbering in productions
