

# NUIX DISCOVER FOR PARTNERS

Because relatively good isn't good enough

**Nuix Discover delivers end-to-end eDiscovery without compromise.** Nuix Discover is a next-generation review platform with processing you can trust. It will de-risk your discovery workflow and give you more control, speed, savings, and profitability.

Nuix Discover is powerful, scalable, and flexible—run it on premises in your data center, in the cloud, or both—putting the power in your hands to help your most demanding and discerning customers.

## THE NUIX ADVANTAGE

- **Built specifically for your business.** Increase profitability and operational efficiencies using the multi-tenancy, single-instance infrastructure that enhances client case reporting and billing, isolates customer data securely, and saves operator time and expense.
- **Offer clients the better choice.** Amazingly fast review and intelligent automation capabilities allow legal teams to dramatically improve the speed and quality of document review while also delivering advanced analysis of case strategy.
- **Generate new revenue streams.** Nuix Discover gives you the latest analytics and review technology to complement our industry-leading collections and processing engine. The combination gives you the industry's only end-to-end solution that allows you to expand your current business, offer new revenue streams, and provide value-added services to small and large clients alike.

*Nuix Discover's intuitive user interface allows reviewers to complete each task with fewer clicks.*

## GAIN OPERATIONAL EFFICIENCY

Easily handle multiple clients and cases from a single, multi-tenanted and secure architecture that simplifies operational cross-client support while keeping all client data completely isolated.

## PROFIT FROM ANY SIZED CLIENT

Nuix Discover is fully scalable to provide the same features and benefits for any sized matter, allowing you to provide repeatable, defensible services with less labor and more profit while scaling processing power to match needs.

## TAKE THE HASSLE OUT OF BILLING

Built for the business of eDiscovery, Nuix Discover enables multi-client administration and reporting from a single view. Reports roll up usage at the case, client, and organization level and can be used as a basis for cost management and allocation, charge-backs, and invoicing.

## AUTOMATE FROM INGESTION TO PRODUCTION

Nuix Discover provides push-button capabilities for load files, imports, and exports throughout the eDiscovery process, significantly reducing operational expenses, script customizations, and vendor software upgrade hassles that impede service level agreements.

## KEEP CLIENTS HAPPY WITH AMAZINGLY FAST REVIEW

Nuix Discover's intuitive user interface and intelligent automation capabilities allow legal teams to dramatically improve the speed and quality of document review while also delivering insightful analysis of case strategy.

## CREATE OPPORTUNITIES WITH INTEGRATED ANALYTICS

Nuix Discover includes a fully integrated analytics suite, saving you from the hassles of managing third-party products while giving you an easy way to offer value-added services alongside your client's review process.

## MAXIMIZE YOUR INVESTMENT WITH FLEXIBLE DEPLOYMENT OPTIONS

Run Nuix Discover where and how you want, in your data center or the cloud, with a central environment or decentralized based on business and regional requirements.

Our software allows you to service more clients on less hardware, enjoy less manual intervention for back-end operations, and provide faster, more accurate services that meets client needs.

Whichever way to set up your business, you'll always get the latest features, innovations, and operational efficiencies to fulfill your clients' eDiscovery service needs while gaining better visibility into how your business is running.

*Nuix Discover's powerful analytics, data visualizations, and predictive coding are all included in the base license.*
